ARCHITECTURAL APPLICATIONS

beyond furniture

Designs Ligna is guided by a commitment to crafting timeless furniture through rigorous engineering and disciplined manufacturing. We believe innovative design is best coupled with excellent workmanship.

Over time, our practice and expertise has expanded beyond high-end furniture. Utilizing our sustainably sourced imported lumber, Designs Ligna now provides integrated solutions including flooring, cladding and paneling, doors, kitchens and cabinetry, together with bespoke fit-outs for residential and commercial spaces.

LIGNA SIGNATURE KITCHENS

Kitchen projects marked the beginning of Designs Ligna's bespoke fit-out practice. Cabinetry is fabricated to suit exact project requirements - from overall dimensions and internal configurations to door fronts and hardware selection. Our assemblies combine veneered panels and solid wood components, engineered to deliver durability, stability, and long-term performance.

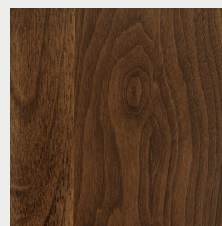

Available in Ash, Oak, and Walnut. Finishes are fully customizable.
